

**To get the HPV vaccination free of charge, please get your first shot by September.**

The HPV vaccine is against a severe disease called cervical cancer.

Girls born between April 2,1997, and April 1, 2009, can get it free of charge until March 31,2025.

This vaccination is given three times in total.

It takes about six months to get all shots.

To get it free of charge, you need to get your first shot between August and September.

Make an appointment at a hospital to get shots.

\* People born on and after April 2,2009, can get this vaccination free of charge until March 31 after their 16th birthday.

For further information, please visit the city's website.
