

## You can receive a free injection of HPV vaccine until March 31, 2026

The HPV vaccine injection is intended to prevent a serious disease called cervical cancer.

Women who meet all of the following criteria ① to ③ can receive the HPV vaccine free of charge until March 31, 2026.

- ① Women born between April 2, 1997 and April 1, 2009
- ② Those who have received one or two doses of HPV vaccine between April 1, 2022 and March 31, 2025
- ③ Those who have not yet received all of the number of doses of HPV vaccine you need to.

(You need to receive two or three doses of this vaccine. If you are not sure how many doses you need, ask at the hospital or Kenko-suishin-ka.)

Make an appointment at the hospital for an injection.
